

LEWISBURG CHRONICLE & WEST BRANCH FARMER--JUNE 26, 1857.

Lewisburg, Pa.

FRIDAY MORNING, JUNE 26, 1857.

A DVOCATE--Manufacturers, Merchants, Mechanics, and other citizens in City and Country, Patriotic men who wish to buy or sell--and it is well to employ the agents of the *Lewisburg Chronicle*, which has a large and increasing circulation, and a large proportion of active, astute, prudent, economical, and discreet, as any in the state.

See New Advertisements.

To Contractors--A good job is to-day advertised in our columns.

At a full meeting of the Lewisburg Presbyterian church this week, a pastoral call was unanimously extended to Rev. Alfred Novin, of Lancaster, with a salary of \$1000 per year.

We are informed that the Sunbury steamboat now makes regular trips to John Strohacker's landing, a few rods below our Borough line, and finds constant employment.

Main Line--Injunction Refused.

PHILADELPHIA, June 23.

Today's *Bulletin* has the decision of the Supreme Court in the Main Line injunction case, delivered by Chief Justice Lewis, today. Judges all present.

The points decided were as follows: 1st. That the Legislature had constitutional authority to authorize the sale of the Main Line.

2d. That the Pennsylvania Railroad Company may lawfully become a purchaser at such sale.

3d. That the Legislature have constitutional authority to repeal the tonnage tax.

4th. That the Legislature can not bind the State by contract from imposing equal taxes; and that the condition of sale to the Pennsylvania Railroad Company in that respect is void, and an injunction to that extent is granted, but

5th. That in all other respects the sale may go on, and the Pennsylvania Railroad Company may bid and purchase in the same terms as other corporations or individuals.

POSTSCRIPT!—The *Main Line* was sold last evening in Philadelphia, to J. Edgar Thompson, President of the Penn R.R. Company, for SEVEN MILLIONS and FIVE HUNDRED THOUSAND Dollars.

Now for "Tucker and Reppell" by it!

KANSAS BODIES CONVENTION.—St. Louis, June 22.—The *Republican* learns that the counties of Union, Douglas, Atchison and Leavenworth, Johnson, Jefferson, Shawnee and Douglas, in Kansas territory, have elected forty-one Democratic Delegates to the Constitutional Convention.

A friend writes from Delaware Co., N. Y., last week, that "we have all sorts of weather here except good." Rain almost every day for three weeks past, which forbodes a poor crop. Grass and grain look fair. Times are hard—wheat 29 to 22 per bush; corn, rye and buckwheat \$1.25 per bush; flour \$10 to \$10.50 per barrel."

We see it stated in the Philadelphia *Newspaper* that Col. James Moore has taken the whole contract for the "East Pennsylvania Railroad," and sublet the same. This road, if we correctly apprehend, is a continuation of the Central New Jersey road, (which reaches Easton, Pa.) to Allentown and from Allentown to Reading, from which the Lebanon Valley R.R. is under contract to Harrisburg.

Datesman of West Milford, advertises in the *Chronicle* to-day. Our country merchants all may sometimes benefit themselves by spreading a knowledge of what they wish to buy and sell into other towns, as they do in the thickly settled lower counties. Our paper is now read weekly by thousands of persons in Buffalo Valley, embracing some in almost every neighborhood.

GEORGE A. SNYDER.—The old county of Union has produced few if any men of more talent for political writing, than the son of Gov. Snyder, named above. We are glad to learn that he is engaged in the editorial department of the Williamsport *Press*; which Mr. Burr has just closed in a new dress from top to toe. This makes three papers in old Lycoming in favor of WILMOT for Governor, and two for PACKER.—Success to you, Ed and Pub.

JUDGE WILMOT was in Philadelphia last week. The *Sun* of Saturday says:

"Since the arrival of this gentleman, many of our citizens have called upon him at the St. Lawrence, and all who have spoken of their interviews have expressed themselves in the highest degree gratified. He is an earnest, honest man, and will be the next Governor of Pennsylvania. His commanding talents and genial manners are calculated to gain every man his friend who is so fortunate as to make his personal acquaintance, and all that is necessary to secure to him an election, is that every man should know him."

SR. LOUIS, June 19.—On Saturday last a hurricane, which occurred at Peoria, Illinois, blew down thirty-three buildings. One child was killed, and seven persons badly injured. Upwards of \$70,000 worth of property was destroyed.

ST. LOUIS, June 23.—A hail storm occurred in Buchanan County, Missouri, on Saturday last, destroying the crops, killing the cattle in the fields and injuring several men. One negro was killed. The stalks are represented as having been as large as goose eggs.

May Wood, of New York, was arrested by the Sheriff for his resistance to the State authorities, but further proceedings were suspended until the Court of Appeals should decide the Constitutional questions raised.

At Augusta, Georgia, on the 30th of May, samples of new wheat, raised near that city, were exhibited, and it is said, looked exceedingly fine. The wheat crop of Georgia will be very heavy.

A lady of ninety-two years was baptized last Sunday by Rev. Joshua Kelly in the creek near Stoddard's factory, White Deer Mills.

There is a promise of great crops throughout the State of Arkansas.

The Shumway furnace is again in blast.

NEW YORK, June 23.—Three companies U. S. soldiers departed westward from here yesterday, on the Erie Railroad, to join the forces detached for Utah.
